FROM THE DESK At T Bar...

Welcome to the 22nd Annual Blair-Athol/Haroldsons and Friends Fall Female Sale on Sunday, October 22, 2019 at the Blair-Athol Farm. For the past twenty-one years, this sale has been the source of superior seedstock for the Polled Hereford breed. This success is the result of the strength of their cow herds; a leading bull sale each spring confirms the power of these programs!

Over the past year at Blair-Athol, the old guy's hair has grown whiter and Jeff keeps appreciating his help and the eldest of his girls have achieved many awards through livestock and sports. The 2019 calf crop is the most exciting in history and you will see these results sale day.

Over the past year, the Haroldson program captured the coveted Premier Breeder Award again at Agribition, adding to a record that will be hard to surpass. The strength of Chad's current crop of calves was very dominant at the Southeast Field Day, taking five of the eight bull calf classes.

The friends from Manitoba, Manns Polled Herefords and Roselawn Farms add to the strength of this offering. Although this is just Steven's second year, Wally is a veteran of this sale. They add quality with their own genetic flavor.

2019 offers the strongest and deepest lineup of breeding stock ever offered over twenty-one years. The breds are deep, broody and carry exciting services... services that will add value to any program. The heifer calves are, wow, the competitive kind...something this sale has offered in the past and won! After their show careers, they will become front pasture bread winners.

Attention juniors...Bonanza will be hosted by Manitoba in 2020. An opportunity to compete is at your door, as the consignors are willing to work with any junior who purchases an animal in the sale, so enjoy the experience.

Blair-Athol/Haroldsons and Friends is a sale you must put on your calendar...it will be worth the trip! Plan to visit any of these breeders prior for a preview where you can see the mothers or call them to discuss the offering.

If we, at T Bar C, may be of assistance, prior to or sale day, please contact any of the T Bar team and we will be pleased to offer our professional services.

Cashmere 78G is soft made, deep ribbed and sweet fronted. We know she can show and we know, as a cow you will love her even more. The Rimrock/Classic cross is as good as anything we do. Full sister sold to Darnell Fornwald for \$8000 in 2018 and was shown by Kylee all summer.

The first Patent offered for sale. We purchased Patent from the Nicholas family for \$11,000 in 2018. His first calf crop is fantastic. 55G is out of a P606 from the Connie family. Square made with a big top and lots of rib, plus a perfect set to her hind leg. This female will show with the best and turn into a cow you will want a bunch of.

COLLEEN 55G

We are pretty excited about these 206E calves. Pioneer 358C has created quite a stir at Topp Herefords. 206E, purchased by Wooden Shoe for \$40,000 was our pick of that crop of calves. We were fortunate to get some semen. Fourteen calves were born at Blair Athol this spring. We are offering three of the best heifer calves. These calves are stout, nicely coloured, consistent in their type, with tons of performance. Maternal sister to 47G sold to Kris Gordon for \$5000 in 2018.

This Make My Day daughter might be the sleeper of the sale in our heifer calf division. She's a real sweetheart that gets a little bit better every day. This is one that will look good next summer and she comes out of a beautiful momma cow. If she's anything like her dam, you'll love her in production.

This Bottom line daughter seems to be camera ready all the time. Sweet fronted, big middled and very square from behind. Adding Major, Heater and P606 to the bottom of her pedigree enhances her acceptance. I believe 68G's best days are yet to come!

When we purchased 3708A from Wascana Cattle Company, she wasn't the biggest or the fanciest heifer at the sale but Harvey said she would be just like her mom. Nice udder, hard working, good disposition and trouble free. She has been all of that! Thank you Harvey. Adding Hometown 10Y to the pedigree can do nothing but add value. What is really cool is her mating to Blair Athol 13K Major 101N. If she has a heifer calf, she will be cheap at any price.

Always loved the performance, yet maintaining the very feminine cow look this female possesses. She darn near made the show team and still gives me the look. Her dam was a feature in 2017, purchased by Robert Bestrop for \$7,500. Pasture exposed to Blair-Athol 10Y Homerun 24C from May 26 to August 6, 2019. Preg checked to calve approximately March 20, 2020. Owned with Robert Bestrop.

A pedigree full of who's who in the breed. Bulls like Trust, P606, Governor; cows like 76S, 73S and Connie 20M. No wonder 71F is so attractive to the eye. Nicely marked, with balance and femininity. She could be the sleeper! Leon Silk bought her maternal sister in 2018. Bred to Blair Athol 24C Josh 68E, a calving ease specialist we sold in 2018 to Bruce Hardy from Midale. Our new Junior herdsire that we used on the heifers this year.

Service sire to Lots 35, 38 and 42.

Sweet and fancy describes this heifer best. She is long sided, wide topped and square hipped, with a great front end. Dawn is dark red from top to bottom. If a junior buys her, we would happily take her home and get her ready for Bonanza 2020.

We would like to keep show rights until after Ag Ex in Brandon, if the new buyer is in agreement.
