Site Unseen Purchase Program

We understand in today's high tech world of social media, Twitter, Facebook and so on, it seems to become harder and harder to physically accomplish all that needs to be done in a day or a week. As we know that many of us have other jobs besides the cow business, not to mention young families involved in hockey, curling, dance, gymnastics and the list goes on, sale day is always an option. The four outfits from Wilson/Lees have been raising Purebred Polled Herefords for three, four and five generations. We know what works! Tell us what you need; growth, hair performance, calving ease or whatever and we will do our utmost to fix your outfit with the bull you need. Feel free to call any of the owners; the guys who bred them, fed them and stand behind them. If you feel more comfortable placing your bid with any of our sales staff, we have confidence in their integrity and overall appraisal.

Welcome to the 17th Annual Wilson Lees "Value Added" Bull Sale, April 2, 2021 at the Right Cross Sale Barn, Kisbey, Saskatchewan. This bull sale was introduced during Mad Cow disease and at that time the question was... who would buy them and what were they worth? Since, "Value Added" has grown to be the largest Polled Hereford Bull Sale in Canada and the source of superior genetics worldwide. All the credit must be applied to these four leading breed operations.

Duncan and Jeff from Blair Athol have the best lineup of sire prospects they have ever offered. No doubt, the "Bottom Line" sons will headline their offering, but the overall group displays thickness, muscle, and volume, lots of hair and great disposition. The Blair Athol boys pride themselves of their cow herd, so you can be assured that each bull carries a high degree of maternal values.

Corey, George, and the girls at Glenlees offer a very uniform group of yearlings headlined by the progeny of "Rimrock". Optimal in frame size and birth weight, these rugged bulls are full of shape, muscle, and hair. Running with their mothers in the hills of the Moose Mountains, soundness of foot and structure starts at an early age. The Glenlees program has been extremely competitive in competition and have become a symbol for quality in the livestock industry.

The C & T folks have had a trying year. With medical treatments for both Chris and Tina, driving to Regina weekly and Chris being President of Agribition; then throw in COVID-19... there are many expletives that can be uttered. But through all of that, C & T have an excellent offering including several calving ease sires ideal for the heifer pastures. Do not overlook their "Connect" two-year-old.

Chad and the Haroldson's gang have continued to make news as they bred and owned "United" the Supreme Champion Bull at the 2021 Oklahoma Cattlemen's Classic amid the epidemic and the best bulls in the USA. Each year, Chad brings us a very consistent uniform offering. This year the progeny of "Royal," "Traction" and "Pilgrim" provide breeding opportunities for your program. Since Agribition was cancelled, one must see the bulls and search for the next headliner.

It has been a great year in the cattle business despite the world around us. The past "Arctic Vortex" we all endured, has taught us that we need more Hereford influence in the livestock industry for hair, docility, rustling and feed conversion... to get all of that in one package, you need Herefords!

Stop by any of these foremost breeding operations and preview their offering in their natural environment and see the mothers. The bulls will be at Right Cross the day prior if you want to check them out. Feel free to call any of these breeders to discuss their bulls and which bulls will suit your breeding intentions. "Value Added" is the source of superior Hereford sires... plan to be with us in person or online for this leading event.

If we may be of assistance, prior to or sale day, feel free to contact any of the T Bar Team or myself, we will help you in a professional manner.

I love the pattern of this bull. Explosive in his hip structure, big middle and has that herd bull look. He is a maternal brother to Diamond Jim that was an Agribition Champion and now resides in Illinois.

A top performing bull in the pen. His mom can flat out produce. She has raised our heaviest weaned bull calf two years in a row now. Last year's bull was the Lot 1 bull in the bull sale that now resides at South View Ranch, Ceylon.

Baron 21H - Lot 35

Gunsmoke 13G - Lot 36

There is a lot to like in this two year old. Starting with his sire, Connected 24E, the high selling Remitall bull the year, we bought him. Many of the high selling calves at Remitall in 2020 were sired by Connected. Gunsmoke's dam is a stout, moderate framed, very easy keeping Mohican Stroker daughter. The Stroker females have amazing udders and milk production. This guy is long and wide based, lots of top and correct in his build. He's big ribbed, square hiped and deep quartered, carrying well down into his stifle. Nicely pigmented with a super disposition. Extremely clean through his front end. Shown as a calf at CWA in 2019.

Heifer approved.

This Pilgrim son is really big hipped and stout from behind. You can certainly appreciate the extra top and spring of rib that he has. Being out of the Marvel cow family certainly adds to his quality.

Pilgrim 8441 80H - Lot 56

80H

This horned bull is going to make a lot of friends. He's massive through his entire body, really big topped with a big hip. I love the fleshing ability and the hair coat on this guy. He's also a maternal brother to United; the current US National Champion Bull. Take a good look at Pilgrim.

Insight ET 301G - Lot 63

Haroldson's United 33D 36G was named the Supreme Champion Bull over all breeds at the inaugural Cattleman's Congress in Oklahoma City. The 9000 entry show was a replacement for the Denver Stock Show, which was cancelled due to the pandemic. United was crowned Champion Hereford in the Open Show and then went on to win Supreme. United previously won the Agribition Hereford Show, the Agribition Presidents Classic All Breeds Show, and was in the Top Ten at the Agribition Supreme in 2019. Those accomplishments have never been bestowed on a Hereford bull in previous history. Most noteworthy for our sale group is that his sire sold through the Wilson/Lees Value Added ring just four years ago. When you consider your next bull purchase, consider the potential these bulls offer and buy with confidence.

“The icing on the cake”
