## From the desk at T Bar...

The Value Added Bull Sale presents one of the great sets of bulls to sell this spring... on April fool's Day...and I'm not fooling! This powerhouse of Polled Hereford breeders have proven to be industry leaders, offering the newest and freshest genetics which have added value to commercial and purebred herds throughout North America.

These herds are steeped in Hereford Heritage... multi-generational family units competitive with each other, yet sharing a common goal!

As the livestock industry restocks the North American cow herd the value of the Hereford increases.... producing baldies ideal for all regions and types of ranching operations. In addition to breed identity, they will add hybrid vigor; rustling ability, docility, soundness and fertility.... using the Hereford bull offers "the complete package!" Most importantly, Hereford is a favorable cross with all breeds, Continental or British.

This offering is a star studded cast with unlimited opportunities!

Haroldson's... many times Premier Breeder and Exhibitor at CWA , offer their strongest group ever and headlined by Haroldson's Red Bull 200Z 4C, the Champion Hereford Bull in the inaugural 2015 President's Classic at Agribition. Chad's powerful lineup of bulls include sons of Rhino, Red Bull, 521X and Masterpiece... bulls that will move herd values forward for the next generation to take advantage of.

Blair Athol... leads off with a son of Hometown and out of the dam of the maternal master Blair Athol Major. Their feature sire group are sons of Denver Supreme Champion RST Time's A Wastin, (now deceased)... a sire whose genetics add value whether the offspring be male or female. This is the best group of bulls ever produced by Duncan and Jeff and what is most amazing is the total maternal (weaning with milk) numbers amongst many of the bulls they offer.

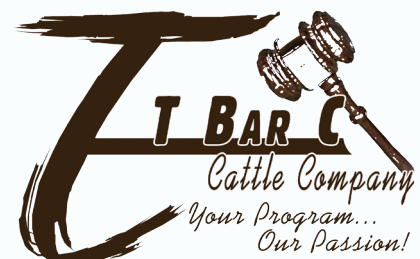

Glenlees... once again raises the bar by bringing their strongest set of herdsire prospects to town yet. This program is a herd of tradition, producing added value performance sires. Check out their bulls by Action, Playmaker, Redeem, Tundra and Powerful... sires complete with high maternal values and calving ease yet never sacrificing growth and pounds at weaning.

C&T... Chris, Tina and the boys offer a dozen powerful yearlings ready to take care of chores in their new herd. These are hard grass bulls suitable for all types of terrain and environment. Thick, hairy and rugged, they are sons of their walking bulls, Zappa, Zircon, Wyatt and A.I. sire, MHPH 521X Action 106A. Highly maternal, structurally sound, the C & T lineup will fit any program, purebred and commercial with a high degree of predictability.

Plan to be with us for another exciting edition of the Wilson-Lees Value Added Bull Sale... a line-up of limitless opportunities that will be worth the wait and well worth the drive!

If we, at T Bar C may be of any assistance, prior to or sale day, feel free to give Shane, Ted or myself as call.... we would be pleased to help you with your selections or questions.
